A simple and elegant finish that easily compliments any traditional or modern decor

SATIN CHROME (626)

A contemporary finish that is popular in Commercial and Multi-family applications

BRIGHT CHROME (625)

A dramatic and highly polished finish that makes a statement in a modern or retro setting

DISTRESSED NICKEL (621)

A nickel finish with a weathered appearance that compliments natural materials like slate and marble

NEW!

ANTIQUPE WETER (620)

A sophisticated finish that adds a richness to any living space

ANTIQUPE BRASS (609)

A finish with an antiqued appearance, ideal for colonial and other traditional settings

BRIGHT BRASS (605)

This traditional, highly polished finish gives a lustrous quality to any decor

BRIGHT BRASS PVD (505)

A highly weather resistant version of the bright brass finish

AGED BRONZE (716)

An extremely rich and deep finish, popular in both traditional and modern applications

MATTE BLACK (622)

This versatile finish enhances country settings while making a bold statement in a contemporary environment

OIL RUBBED BRONZE (613)

A living finish that acquires a natural beauty as it ages. Designed to change appearance over time

*Oil rubbed bronze (613) is designed to improve over time and change in appearance, creating a living finish through daily use and thus, finish discoloration is not applicable to the above warranty.
